## Is your child enrolled in a childcare facility?

KidsLife gives you a financial boost.

## What is childcare allowance?

The childcare allowance is paid to every child who is enrolled in a childcare facility which is recognised by the Flemish Community and which doesn't calculate the fee based on your income.

You receive an allowance for every day that your child attends this childcare facility.

- You receive the full childcare allowance for days comprising 5 hours or more.
- You receive half of the allowance for days comprising a minimum of 3 hours but less than 5 hours.

You receive your childcare allowance for any given month around the 20th of the following month.

View the childcare allowance payment amounts on our website: [kidslife.be](https://kidslife.be)

## How can you apply for the childcare allowance?

If you already receive the Growth Package, you don't have to do anything. The childcare facility will send us your child's attendance record and your childcare allowance will be paid automatically.

Not receiving the Growth Package because you are not resident in Flanders, but your child is enrolled in a childcare facility that is recognised by the Flemish Community and charges a fixed daily fee? Send us the signed and completed application form or submit your application online via [kidslife.be](https://kidslife.be)

Got a question about your Growth Package? Then please don't hesitate to contact us.

Please notify us if:

- the number of childcare days is incorrect;
- your child is attending a nursery.
